**NOTICE OF PROPOSED RULE MAKING**

**Adopted: June 30, 2000**

By the Chief, Video Services Division:

1. The Commission has before it a petition for rule making filed by WRNN-TV Associates Limited Partnership ("WRNN"), licensee of station WRNN-TV, NTSC Channel 62, Kingston, New York. WRNN requests the substitution of DTV Channel 48 for its assigned DTV Channel 21 at Kingston.

2. WRNN states that adoption of its proposal would eliminate interference that DTV Channel 21 would cause to co-channel noncommercial educational station WLIW. WRNN also contends that the operation of DTV Channel 21 would force the displacement of low power television station W21BU, while DTV Channel 48 is not predicted to cause interference to any currently-authorized low power facility. WRNN believes that the operation of DTV Channel 48 at Kingston would result in a net increase in interference-free DTV service to 5,931,013 people. In a further supplement to its petition filed on April 24, 2000, WRNN states that its allotment modification is consistent with the proposals contemplated by the Commission in its ongoing biennial review of DTV with regard to service coverage requirements for communities of license.<sup>1</sup>

3. We believe petitioner's proposal warrants consideration. DTV Channel 48 can be substituted for DTV Channel 21 at Kingston, New York, as proposed, in compliance with the principle community coverage requirements of Section 73.625(a) at coordinates (41-29-19 N. and 73-56-52 W.). However, we wish to put WRNN on notice that it will be required to demonstrate

<sup>1</sup> Specifically, the Commission proposes a 57 dBu city grade field strength contour for DTV channel 14-69. WRNN states that its allotment modification proposal meets and exceeds this standard. See *Review of the Commission's Rules and Policies Affecting the Conversion to Digital Television* in MM Docket No. 00-39, 15 FCC Rcd 5257 (2000) ("Notice").

compliance with not only minimum field strength requirements but with any other of the technical standards that may be adopted by the Commission in the *Notice*. In addition, we find that this channel change is acceptable under the 2 percent criterion for de minimis impact that is applied in evaluating requests for modification of initial DTV allotments under Section 73.623(c)(2). Furthermore, since the community of Kingston is located within 400 kilometers of the U.S.-Canadian border, concurrence by the Canadian government must be obtained for this allotment. We propose to substitute DTV Channel 48 for DTV Channel 21 for station WRNN-TV at Kingston with the following specifications:

State & City	DTV Channel	DTV power (kW)	Antenna HAAT (m)
NY Kingston	48	200	388

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Kingston, New York	21	48

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before August 21, 2000, and reply comments on or before September 5, 2000, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

(Counsel for WRNN-TV Associates Limited Partnership)

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That

Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement.
